# Common Access Front End Login

The Login functionality allows only authorized users to enter the site.

The Login page is the first page displayed when the URL for the site is entered.

- Contact your BellSouth Account Team for LOGIN IDs and passwords.
  - Every user is required to have a unique user ID & password
  - Passwords are valid for 60 days
- Once a user is successfully logged in, the Main Menu page is displayed allowing the user to access all features of the system.

# Common Access Front End Main Menu

The screenshot shows a Netscape browser window displaying the 'Common Access Front End' main menu. The browser title is 'CAFE Main Menu - Netscape'. The page features a blue header with the BellSouth logo and the text 'Common Access Front End'. Below the header, a blue bar contains the text 'Welcome to Common Access Front End VALUED CUSTOMER' and 'Main Menu'. The main content area is divided into two columns. The left column contains a vertical list of menu items: INQUIRY, CREATE ASR, UPDATE (with a tooltip: 'Create/submit an ASR from a blank form, template, or stored ASR.'), TEMPLATES, REPORTS, and USER ADMIN. The right column contains a 'Submitted ASRs' table with columns for CCNA, PON, VER, ASR#, ICSC, Status, D/Sent, and D/Feedback. Below the table are links for 'View Selected ASR' and 'View Feedback for Selected ASR'. At the bottom of the page, there is a footer with the text 'Copyright 2000 -- BellSouth Telecommunications, Inc. -- All Rights Reserved' and 'Common Access Front End - Version 1.1'. The browser's address bar shows the URL 'http://n0124120.nc.bst.bis.com/NASApp/cafe/FirmOrderServlet?context=firmorder&action=asrptionsform&next=e'.

# Common Access Front End Inquiry

The screenshot shows a Netscape browser window displaying the 'Common Access Front End Inquiry' application. The browser title bar reads 'null - Netscape' and the menu bar includes 'File Edit View Go Communicator Help'. The application header features the Bellsouth logo, the text 'Common Access Front End', and a 'LOGOFF | MAIN MENU' link. A navigation bar contains buttons for 'NCR/INCENTIVE VALIDATION', 'GFA VALIDATION', 'ADDRESS VALIDATION', and 'FACILITY ADDRESS'. The main content area includes a red 'Inquiry' label, a 'Status:' label, and three input fields: 'NCI:', 'Secondary NCI:', and a larger text area. A yellow bar at the bottom contains the text 'Reset | Validate All | Validate NC'. The footer displays '10/17/2000', copyright information for BellSouth Telecommunications, Inc., and the version 'Common Access Front End - Version 1.1'. The status bar shows 'Document Done'.

# Common Access Front End

## Inquiry

The Inquiry functionality allows the user to verify specific information needed to complete an ASR.

- Selecting the 'Inquiry' hyperlink on the Main Menu page displays the NC/NCI/SECNCI validation tab
- From here, you can perform any of the inquiries noted on the page tabs

# Common Access Front End Inquiry

## INQUIRY Validations

- **NC/NCI/SECNCI**
  - data provided from EXACT
- **CFA (Connecting Facility Assignment)**
  - contracts into TRKS
- **Street Address**
  - contracts into RSAG
- **FFAS (Fiber Facility Availability System)**
  - Determine if DS1 Facilities available

# Common Access Front End

## Create ASR

The Create ASR functionality provides the ability to submit ASRs with minimal risk of error. ALL INQUIRY validations are included in the Firm Order process.

An order can be created:

- From a Blank Screen
  - Supports all Request Types
- From a Template
  - Up to 10 per user allowed
- From a previously Stored ASR

>>> connect >> and create something

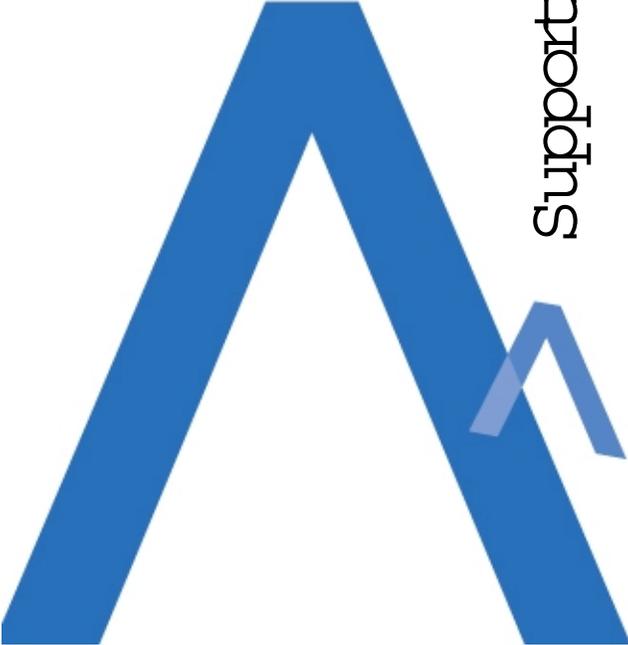

# Common Access Front End Create ASR Features

## ASR Processing

- Performs the majority of the Access Service Ordering Guideline (ASOG) validations
  - Error messages are provided at the top and bottom of each screen
  - Error messages provide details to assist with the correction
  - Fields in error are highlighted in **RED** for correction

>>> connect >> and create something

# Common Access Front End Supporting Functionality

## Supporting Functionality

- **Templates**
  - Each user is allowed to create 10 templates for saving data that is commonly reused
- **View and Print ASRs**
  - View your ASR on one screen and print it using the browser's capability
- **Reports**
  - Produce ASR reports by CCNA, Date Processed, ICSC codes, etc.

# Common Access Front End Reports

The screenshot shows a Netscape browser window displaying the 'Common Access Front End' website. The browser's address bar shows 'Criteria - Netscape' and the menu bar includes 'File', 'Edit', 'View', 'Go', 'Communicator', and 'Help'. The website header features the 'Bellsouth' logo and a 'LOGOFF | MAIN MENU' link. A navigation bar contains 'CRITERIA' and 'REPORTS' tabs, with 'REPORTS' being the active tab. The main content area is titled 'Report Criteria' and is divided into two sections: 'Date Selection' and 'Selection Criteria'. The 'Date Selection' section includes a 'Date (Range):' label, a 'Query By Date:' label, and a 'Sort Date' dropdown menu. The 'Date Selection' section also contains 'From Date' and 'To Date' input fields. The 'Selection Criteria' section includes a 'REQTYP:' checkbox, 'PROJECT:' and 'STATUS:' dropdown menus, 'PON:', 'ICSC:', and 'INITIATOR:' input fields, and a 'CCNA:' dropdown menu. Below these fields is a checkbox labeled 'Include ASRs from all users (Y/N):' with a dropdown menu set to 'N'. A 'Sort By:' dropdown menu is also present. At the bottom of the form are two buttons: 'Create Report' and 'Download Report'. The browser's status bar at the bottom indicates 'Document Done'.
